

# KF736

## VSM COMPACTGRAIN

<b>Grain type</b>	Aluminum oxide granulate
<b>Bonding</b>	Full-resin bonded
<b>Color</b>	Brown
<b>Backing</b>	Vulcanized fiber
<b>Production width</b>	58 in

### Materials

Unalloyed Steel

### Features

Medium pressure

Medium coated

Long-term compactgrain abrasive with continuous self-sharpening effect that reduces grinding costs due to fewer tool changes and is characterized by constant stock removal with even surface roughness over its entire, very long service life.

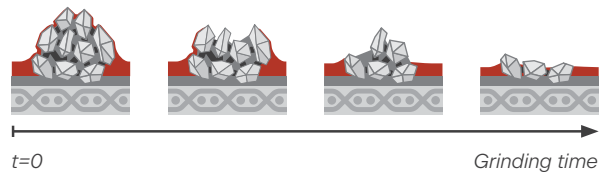

### Grit range:1)

## Benefits

- > Long-term abrasive with continual self-sharpening effect achieves extremely long service life.
- > Reduction of grinding costs through lower tool consumption and fewer tool changes.
- > For uniform workpiece surfaces and surface roughness with constant stock removal.
- > Special coat for hand-held machines.
- > Form-resistant vulcanized fiber backing.

## Wear pattern of the grain

VSM COMPACTGRAIN series are completely made of granules which consist of numerous abrasive grains. The used grains are torn out by the cutting forces involved whereby unused grain tips are being exposed.
