

KK815Y

VSM ZIRCONIA ALUMINA

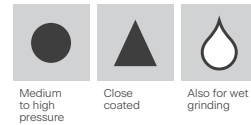

Grain type	Zirconia alumina
Bonding	Full-resin bonded
Colour	Red-brown
Backing	Y-Polyester
Flexibility	Very sturdy
Production width	1,480 mm

Materials

Features

Zirconia alumina abrasive with self-sharpening effect for working hard workpiece surfaces. It stands out due to its aggressive cutting behaviour and very high stock removal. The additional grinding-active TOP SIZE layer reduces the temperature in the contact area.

Grit range:¹⁾

Benefits

- > High stock removal
- > Continual self-sharpening effect results in long-lasting high grinding capacity thanks to constant recreation of sharp grain points
- > The additional grinding active layer VSM TOP SIZE ensures a cool cut and an extended service life
- > Very highly resilient
